

# CREATE YOUR OWN BIKE SHARE NETWORK

## Icon Legend

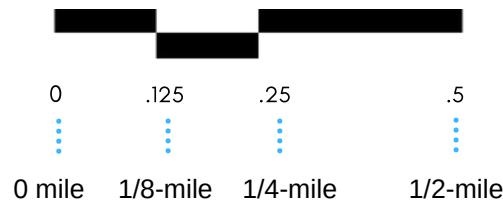

Existing Bike Share Station

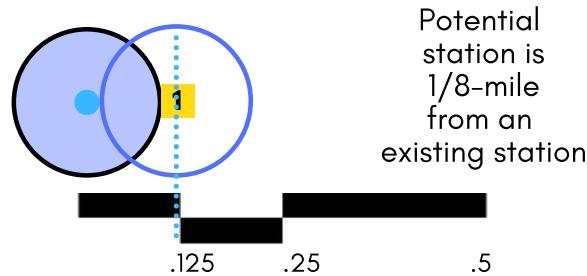

Proposed Bike Share Station

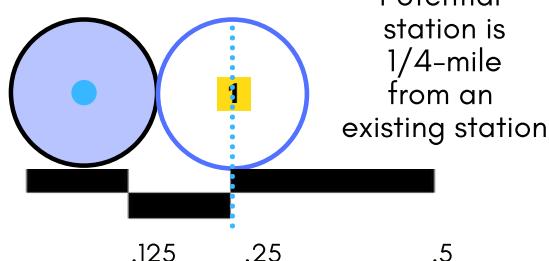

## How to Read a Map Scale

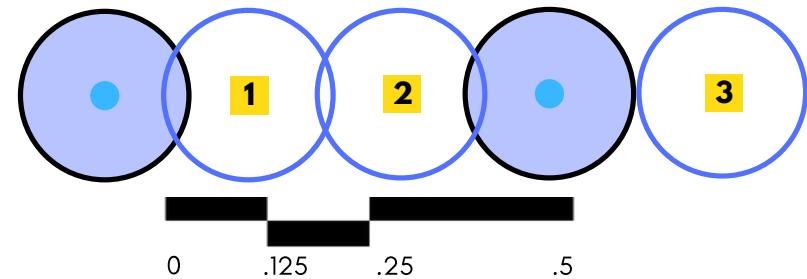

Example 1

Example 2

## Ideal Station Locations

**1. Overlaps or within 1/4-mile of existing bike share stations**

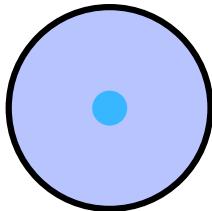

**2. Fills gaps between existing stations**

**3. Forms a continuous route in heavily populated areas**

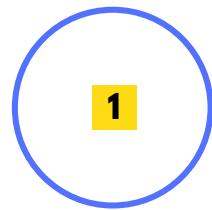

**4. Connects with other modes of transportation**

# FORME SU PROPIA RED BIKE SHARE

## Leyenda

Estación Bike Share existente

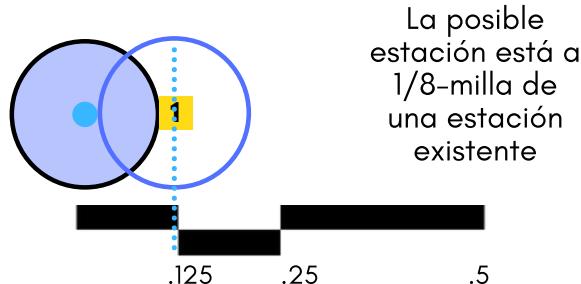

Estación Bike Share propuesta

## Cómo Leer un Mapa a Escala

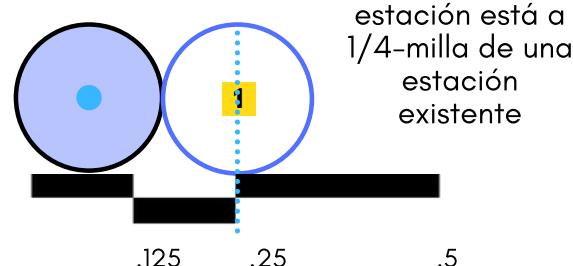

### Ejemplo 1

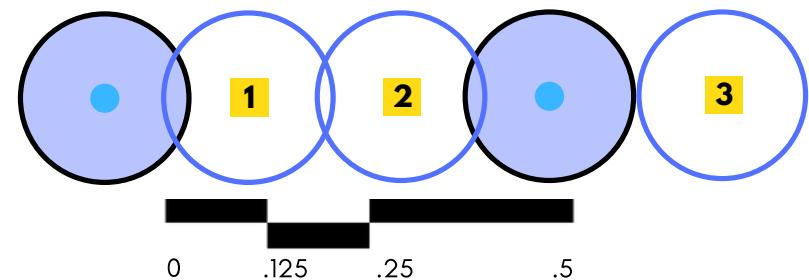

La posible estación está a 1/8-milla de una estación existente

### Ejemplo 2

La posible estación está a 1/4-milla de una estación existente

## Localidades Ideales Para la Estación

**1. Se superpone o está a 1/4-milla de distancia de las actuales estaciones de bicicleta bike share**

**2. Llena un vacío entre estaciones existentes**

**3. Forma una ruta continua en áreas densamente pobladas**

**4. Se conecta con otros modos de transporte**
